

SGR Congress 2025 – Poster with SCQM data

First profiling of the swiss national SCQM Giant Cell Arteritis and Polymyalgia rheumatica registry

Stegert M, Brändli J, Blapp C, Mahr A, Iudici M, Tamborrini G, Christ L, Neumann T, Becker M, Berger C, Iking-Konert C, Scherer A, Villiger P, Daikeler T

Thursday 4 September
12:15 – 12:50
Poster Walk I
Rondell

Research Prize of the Swiss Bechterew Foundation Award ceremony 2025

Presentation 2023

The impact of a csDMARD in combination with a TNF inhibitor on drug retention and clinical remission in axial spondylarthritis
Michael Nissen

Award for this publication:

<https://academic.oup.com/rheumatology/article/61/12/4741/6551986>

based on EurospA A3 study including SCQM data.

Michael Nissen, Bénédicte Delcoigne, Daniela Di Giuseppe, Lennart Jacobsson, Merete Lund Hetland, Adrian Ciurea, Lucie Nekvindova, Florenzo Iannone, Nurullah Akkoc, Tuulikki Sokka-Isler, Karen Minde Fagerli, Maria Jose Santos, Catalin Codreanu, Manuel Pombo-Suarez, Ziga Rotar, Bjorn Gudbjornsson, Irene van der Horst-Bruinsma, Anne Gitte Loft, Burkhard Möller, Herman Mann, Fabrizio Conti, Gozde Yildirim Cetin, Heikki Relas, Brigitte Michelsen, Pedro Avila Ribeiro, Ruxandra Ionescu, Carlos Sanchez-Piedra, Matija Tomsic, Árni Jón Geirsson, Johan Askling, Bente Grintborg, Ulf Lindström

Thursday 4 September
14:05 – 14:15
Theatersaal

Predictors of long-term self-monitoring app use in inflammatory rheumatic diseases: Insights from the SCQM registry

Brändli J, Raptis C, Riek M, Grabowski A, Finckh A, von Mühlénen I, Roulin P, Möller B, Rubber-Roth A, Hügler T, Micheroli R

Friday 5 September
Posterwalk III
12:15-13:00
Rondell

Association of chondrocalcinosis with disease activity and drug response in rheumatoid arthritis: baseline characteristics of the Swiss Rheumatoid Arthritis Outcomes cohort

Manigold T, Bodmer NS, Rosoux E, Fahrni G, Markham D, Micheroli R, Bachmann LM, Braendli J, Becce F, Hügler T

Friday 5 September
Posterwalk III
12:15-13:00
Rondell

Synovial fibroblasts, macrophages and dendritic cells form an inflammatory niche in rheumatoid arthritis, but not in psoriatic arthritis synovium.

Khmelevskaya A, Houtman M, Buerki K, Pauli C, Distler O, Ciurea A, Ramming A, Fearon U, Ospelt C, Micheroli R

Friday 5 September
14:20
Theatersaal
Präsentation der besten Abstracts

Cancer incidence among rheumatoid arthritis patients treated with JAK-inhibitors compared to bDMARDs: data from an international collaboration of registers (the "JAK-pot" study)

Aymon R, Mongin D, Gilbert B, Guemara R, Choquette D, Codreanu C, Coupal L, Flouri I, Fritsch-Stork R, Giacomelli R, Huschek D, Iannone F, Kvien TK, Otero-Valera L, Nordström D, Pavelka K, Pombo-Suarez M, Provan SA, Rotar Z, Sidiropoulos P, Vieira-Sousa E

Friday 5 September
